We start with an easy ascent by using the Glacier Express and the Wildspitzbahn cableway to get to the TOP OF TIROL, the Café 3440. First, we talk about the upcoming tour. Then we master the first steep section and get down to the glacier. The mountain guide guides you through the glacier labyrinth of the Tascach glacier where we also discover a crevasse. Then we keep on going to the Tascach hut and have a break there. After that, we walk down to the bottom of the valley. There we take the mountainbikes and ride the last 7 km back to the starting point.
